## **Introduction**

### **MISSION STATEMENT**

*“Preparing our Students Today for the Challenges of Tomorrow”*

#### **EDUCATIONAL PHILOSOPHY**

Statement of Purpose:

The Valley R-VI School District affirms that the perpetuation of democracy is dependent upon an educated citizenry, the public school is a significant contributor to opportunity among our people, and that education is the greatest constructive force at the disposal of democratic people for the solution of their problems. The Valley R-VI School District affirms that the purpose of education is the development of each individual for the fullest participation in the American democratic society and the recognition of social, civil, economic and vocational competencies as factors beyond academic literacy.

#### **EDUCATIONAL OBJECTIVES**

It is the obligation of the Valley R-VI School District to provide the best possible educational opportunities for its children within the limits of financial ability. These educational opportunities should be broad enough whereby each person in school may:

1. Become aware of his/her interests, abilities, and potential.
2. Evolve a plan whereby his/her growth in terms of interests, abilities, and potential can be assured.
3. Develop and maintain good health, proper health habits, and physical fitness. Develop dress and grooming habits that will not detract from the normal educational process.
4. Become proficient in the areas of communication arts, science, social studies, and math.
5. Become equipped for happy and successful living in a vocation for which he/she is well adapted.
6. Be prepared for enjoyable living through the development of an appreciation of art, music, and literature and through the development of skills in hobbies and recreational activities.
7. Be prepared to participate in the social, economic, political, and ethical responsibilities as an active American and world citizen.
8. Be trained in our democratic way of life so that the student will have an appreciation for the development of America and its heritage/traditions/culture.
9. Develop critical thinking skills that will help students adapt and cope in an ever-changing society.

#### **NON-DISCRIMINATION**

The Valley R-VI Board of Education believes in the right of every student to receive equal opportunities in all educational programs and activities conducted by the school district. It is the policy of the Board to accord equal consideration and impartial treatment regardless of race, color, national origin, age, handicapping conditions or organizational membership. This policy will prevail in all matters concerning the staff, students, the public, the educational programs and services of the district, and individuals with whom the Board does business.

In keeping with the requirements of federal and state laws, the Valley R-VI School District strives to remove any vestige of discrimination in employment, assignment, and promotion of personnel; in educational programs, offerings, services, and vocational opportunities offered to students; in student discipline; and in the location and use of facilities and educational materials. If you feel you have been a victim of discrimination in any area regarding this policy, please call the superintendent's office at (573) 779-3446.

#### **PUBLIC NOTICE**

All public schools are required to provide a free and appropriate public education to all students with disabilities, including those attending private/parochial schools, beginning on the child's third birthday through age twenty-one, regardless of the child's disability. Disabilities include: learning disabilities, mental retardation, behavior disorders/emotional disturbances, speech disorders (voice, fluency, or articulation), language disorders, visually impaired, hearing impaired, physical/other health impaired, multi-handicapped, deaf/blind, autistic, early childhood special education, and traumatic brain injury.

All public schools are required to provide parents the right to inspect and review personally identifiable information collected and used or maintained by the District relating to their children. Parents have the right to request amendment of these records if they feel the information is inaccurate, misleading, or in violation of the privacy of their children. Parents have the right to file complaints with the U.S. Department of Education or the State Department of Education concerning alleged failures by the District to meet the requirements of the Family Education Rights and Privacy Act (FERPA).

The District has developed a Local Compliance Plan for implementation of Special Education, and this plan is available in the Office of the Superintendent.

Public schools in the state of Missouri are required to conduct an annual census of all children with disabilities or suspected disabilities from birth through age twenty who reside in the district or whose parent/legal guardian resides in the district. This census is compiled as of May 1 each year. This information is treated as confidential and submitted to the Missouri Department of Elementary and Secondary Education. Information to be collected includes: name of each child, parent/legal guardian's name and address, birth date, age of each child, and each child's disability or suspected disability. Should the district fail to submit an annual census, the State Board of Education may withhold state aid until the census is submitted. If you have a child with a disability or know of a child with a disability who is not attending the public school, please contact the Office of the Superintendent

**Student Educational Records**  
**Form 2400.1**

**FERPA Educational Rights Annual Notification**

Each year the Valley R-VI School District is required to give notice of the various rights accorded to parents or students pursuant to the Family Educational Rights and Privacy Act (FERPA). Parents and students have a right to be notified and informed. In accordance with FERPA, you are notified of the following:

**RIGHT TO INSPECT:** You have the right to review and inspect substantially all of your education records maintained by or at this institution.

**RIGHT TO PREVENT DISCLOSURES:** You have the right to prevent disclosure of education records to third parties with certain limited exceptions. It is the intent of this institution to limit the disclosure of information contained in your education records to those instances when prior written consent has been given to the disclosure, as an item of directory information of which you have not refused to permit disclosure, or under the provisions of FERPA which allow disclosure without prior written consent.

One exception which permits disclosure without consent is disclosure to school officials with legitimate education interests. A school official is a person employed by the school district as an administrator, supervisor, instructor, or support staff member (including health or medical staff and law enforcement unit personnel); a person serving on a school board; a person or company with whom the school district has contracted to perform a special task (such as an attorney, auditor, consultant, or therapist); or a parent, student or volunteer serving on an official committee, such as a disciplinary or grievance committee. A school official has a legitimate educational interest if the official needs to review an education record in order to fulfill his or her professional responsibility.

**RIGHT TO REQUEST AMENDMENT:** You have the right to seek to have corrected any parts of an education record which you believe to be inaccurate, misleading or otherwise in violation of your rights. This includes the right to a hearing to present evidence that the record should be changed if this institution decides not to alter the education records according to your request.

**RIGHT TO COMPLAIN TO FERPA OFFICE:** You have the right to file a complaint with the Family Policy Compliance Office, U.S. Department of Education, Washington, D.C., 20202-4605, concerning the Valley R-VI School District's failure to comply with FERPA.

**RIGHT TO OBTAIN POLICY:** You have the right to obtain a copy of the written policy adopted by the Board of Education of the Valley R-VI School District in compliance with FERPA. A copy may be obtained in person or by mail from: (Supt. Office, 1 Viking Drive, Caledonia, MO 63631).

The District is committed to providing accessibility of its website for students, parents, and members of the community with disabilities by meeting or exceeding the requirements of Section 508 of the Rehabilitation Act (29 U.S.C. 794d), as amended in 1998. Section 508 is a federal law that requires agencies to provide individuals with disabilities equal access to electronic information and data comparable to those who do not have disabilities, unless an undue burden would be imposed on the agency.

Information on the District's website will provide access either through modification of its website in conformance of the W3C WAI's Web Content Accessibility Guidelines (WCAG) or by providing the same information in a modality addressing an individual's disability. Students, parents and members of the community who have questions about the accessibility of content used, and/or would like to report barriers to accessing the District's website, please contact the District's Media Liaison, Jennifer Juliette at <jjuliette@valley.k12.mo.us> or call 573-779-3446, ext. 1. ## **PARENT RESPONSIBILITIES**

Education is a joint project of the home, school and community. Parents must remember that they have ultimate and legal responsibility for their children's behavior. This responsibility can be summarized in the following:

1. Insist on your child's prompt and regular attendance in school.
2. Encourage and help your child to give proper attention to health, personal cleanliness and neatness of dress.
3. Provide a place for study and homework, discourage the interruptions of things such as friends, phone, internet and TV, and be available to help.
4. Encourage your child to take part in student government and the extra-curricular class activities that make the school experience memorable.
5. Insist that your child promptly bring home and share any communications from school. Read and discuss them with your child as indicated.
6. Support teachers, principals, schools, and the education they are trying to provide. Please be supportive of school rules when your child is listening. If you think changes are needed, take your suggestions to school authorities as appropriate.
7. Attend the informal and voluntary conferences set up by teachers or the principal dealing with your child's progress and activities which will affect the students.
8. Take part in parent/teacher organizations, respond to called meetings of the Board of Education, and make your presence and your influence felt in the school life of your child.

## **Part 1: Academics**

### **STUDENT REGISTRATION**

The Valley R-VI School District requires presentation of all health records, transcripts, attendance records, and discipline records prior to registration for enrollment. Proof of residency and proof of guardianship must be provided prior to enrollment.

### **ADMISSION OF RESIDENT STUDENTS**

All resident students of the Valley R-VI School District who are enrolling in school for the first time shall provide proof of residence as outlined below and shall complete all admission requirements as determined by Board policies, rules, and regulations. School district personnel may require an affidavit specifying who has legal guardianship of a child. At least one of the following criteria shall be used in determining student residency:

1. The parent or guardian resides within the boundaries of the Valley R-VI School District.
2. The student resides in the Valley R-VI School District and is self-supporting.
3. The student lives with an adult who is twenty-one years of age or older and who has legal custody of the student. This adult must be a resident of the Valley R-VI School District.
4. The student is otherwise proven to be legally domiciled within the district.

### **ADMISSION OF NON-RESIDENT STUDENTS**

A non-resident student shall be defined as a student who does not meet the requirements to be a resident student of the Valley R-VI School District as defined in Board policies, rules, and regulations. Non-resident students may be permitted to attend Valley R-VI upon payment of tuition as established by the Board. Tuition rates shall be determined annually on the basis of per-pupil cost for the preceding year and for the operations, maintenance, and debt service of the school, as prescribed by state law. The following provisions indicate those non-resident students exempt from complete or partial tuition charges:

1. Teachers of the Valley R-VI School District whose residence is outside the district.
2. Orphaned children, as defined by the courts, who have a permanent or temporary home within the school district.
3. Children with only one parent living and who has a permanent or temporary home within the school district.
4. Children whose parents do not contribute anything to their support and who are unable to pay tuition and have a permanent or temporary home within the school district.
5. An American Field Service student or any similar exchange student.

Children whose parents or guardians pay school taxes on property in the school district but do not live in the district may attend school in the district on a tuition/tax credit basis. School taxes paid to the school district by the parents or guardians of non-resident students shall be deducted from the tuition charge applicable to the school term or fractional part thereof, concurrent with the calendar year in which the taxes are paid. The tax credit will be prorated among the number of students per family attending the district's schools. A tax statement must be submitted to the appropriate administrator before a student can be admitted.

Any person who owns real estate of which eighty acres or more are used for agricultural purposes, and upon which his residence is situated, may send his children to any school in which a part of such real estate, contiguous to that upon which his residence is situated, lies. This person shall not be charged tuition so long as thirty-five percent of the real estate is located in the school district of choice. The school district of choice shall count the children as eligible pupils for the purpose of distribution of state aid through the foundation formula. Any owner of agricultural land shall send written notice to all school districts involved, specifying to which school district his children will attend, by June 30<sup>th</sup> in which such a school year begins. If notification is not received, such children shall attend the school in which the majority of his property lies. Such person shall not send any of his children to the public schools of any district other than the one to which he has sent notice pursuant to the subsection in that school year or in which the majority of his property lays without paying tuition to such school district.

### **TRANSFERRING OR WITHDRAWING FROM SCHOOL**

All students who transfer or withdraw from school must do so through the principal's office. Before earned credits can be transferred, a parent or guardian must give permission at the time of withdrawal. All teachers with whom the student has classes must sign a withdrawal slip. The librarian and counselor must also sign this slip. Before a transfer transcript will be released, all fines and debts to the school must be paid and textbooks returned.

### **TRANSFERS FROM ACCREDITED SCHOOLS**

The grade level achieved or the units of credit completed in the previous school attended shall be accepted, provided these schools are accredited. Units of credit shall be determined on the basis of the Carnegie Unit of Credit given for the successful completion of a year's study of one subject in a secondary school. Accredited schools shall be those schools accredited by the Missouri Department of Elementary and Secondary Education or the equivalent. If the school is located out of state and is a member school of the North Central Association of Colleges and Schools or other regional accrediting association, or listed as an approved school by the Committee on Accreditation of Schools, Non-Public, it shall be considered accredited.

A student who transfers to the Valley R-VI School District from these accredited schools shall be enrolled in the appropriate grade level, continuing at the current grade placement. If the transfer is affected at the beginning of the school year, the student shall be placed in the grade to which previously promoted. After careful observation and evaluation, a student may be reassigned to a program that more adequately meets the needs of the student.

### **TRANSFERS FROM UNACCREDITED SCHOOLS**

**Parents/guardians are advised if they choose to transfer their children to or from the public school, to or from an unaccredited school, then the children will not be guaranteed comparable placement in the public schools, but will be assigned to schools and classes in accordance with Board policy.**

### **ASSIGNMENT OF STUDENTS TO GRADE LEVELS**

The Board believes that the grade placement and class assignment for a student should reflect the grade level and/or program of study that is appropriate to the academic, social, and emotional needs of the student. Students entering the Valley R-VI Schools by transfer from other public schools outside the school district or from private or parochial schools shall submit evidence of achievement in the grade last attended as a prerequisite to enrollment. Grade placement of a student may be adjusted on the basis of achievement tests administered by district personnel or on the basis of other factors that the principal and the staff believe make such adjustments desirable. In the junior and senior high schools, a transcript of an entering student's record shall be obtained from the school last attended.

### **STUDENT SERVICES: Identification of At-Risk Students (Policy 2812)**

The District is committed to identifying students who are at-risk of not being ready for college-level work or not being ready for employment in entry-level career positions. It is essential that such identification occur early enough that our schools can intervene with academic counseling, career counseling, and other intervention services to enhance a student's readiness for post high school academic or employment opportunities.

Consistent with this District's commitment, at-risk students will be identified by at least their ninth grade year, including students who transfer into the District during ninth grade. In order to identify such at-risk students, District staff will utilize the following criteria:

1. Student performance in Mathematics and English on the eighth grade Missouri Assessment Program (MAP) tests.
2. The District will consider comparable statewide assessment performance for students transferring into ninth grade from outside of Missouri.
3. The District's reported rate of students taking remedial courses in basic academic subjects of English, Mathematics, and Reading during their initial year of college. In assessing this data, the District will rely on data submitted by the Department of Higher Education pursuant to § 173.750 RSMo.
4. The student's attendance rates.

While the above at-risk identifiers are mandatory, the District may consider additional criteria including, but not limited to, review of discipline record; performance more than one grade level below in Reading and/or Math; core subject middle school

grades; academic assessment results; contents of Section 504 Plan; ACE score (Adverse Childhood Experience) of 5 or more or other relevant identifiers.

### **ACADEMIC AND CAREER COUNSELING**

When at-risk students are identified, the District will initiate academic and/or career counseling as soon as is practicable to enhance at-risk students' opportunity to graduate on-time, and to enhance their college and/or career readiness.

This policy may be appropriately waived for any student with a disability upon the recommendation of the student's Individualized Education Program (IEP) team.

### **STUDENT RECORDS: Accumulation, use, and maintenance**

The Valley R-VI School District adheres to the provisions of P.L. 90-247 (Privacy Rights of Parents and Students) in maintaining records. For the purposes of this policy, the Valley R-VI School District uses the following terms:

1. Student: Any person who attends or has attended a school in the Valley R-VI School District.
2. Eligible Student: A student or former student who has reached the age of eighteen or is attending a post-secondary school.
3. Parent: Either natural parent or guardian of a student or an individual acting as a parent or guardian in the absence of the student's parent or guardian.
4. Education Records: Any record maintained by the Valley R-VI School district or an agent of the district which is directly related to a student, except:
  - a. A personal record kept by a school staff member, if it is kept in the sole possession of the maker of the record and is not accessible or revealed to any other person except a temporary substitute for the maker of the record.
  - b. An employment record that is used only in relation to a student's employment by the Valley R-VI School District.
  - c. Alumni records which contain information about a student after he/she is no longer in attendance in the district and which do not relate to the person as a student.
5. Annual notifications: Parents will be notified of the FERPA rights annually by publication in the Student Handbook.

Parents of students or eligible students may inspect and review the student's education record upon request. Requests should be submitted in writing to the building principal and clearly identify the records to be inspected. Upon receipt of the request, access will be given as promptly as possible within forty-five days of the request. Parents or eligible students may not inspect and review portions of their files that contain information pertaining to other students.

The Valley R-VI School District will not provide a parent of eligible students a copy of the student's education record unless failure to do so would effectively prevent the parent or eligible student the right to inspect and review the records. If the record involves standardized test information, the district will not provide a copy. Fees for copies of records are fifteen cents per page. Records can be found according to the information listed below:

Cumulative School Records = Principal's Office  
Former Cumulative School Records = Principal's Office  
Health Records = Principal's office Handicapped  
Records = Principal's Office Transportation Records =  
Superintendent's Office

Occasional Records (records not identified above) will be made available at the student's school. The building principal shall be the custodian of such records.

With certain exceptions, the Valley R-VI School District will disclose information from student's education records only with the written consent of the parent or eligible student. Parents or eligible students also have the right to ask to have records corrected if they believe such records are inaccurate, misleading, or in violation of their privacy rights. For more information, interested parties should contact the superintendent for a copy of the Board policies, rules, and regulations pertaining to this subject.

The issuance of grades on a regular basis serves to promote a process of continuous evaluation of student performance. The teachers of this school district shall use a five-letter scale (A, B, C, D, and F) in assigning grades. As part of the official grading system, there will be provisions for a gradation of scores within each letter grouping (A-, B+, B-, etc.). In addition, special symbols and terms appropriate to programs may be used to indicate student progress, such as “IC” for incomplete work.

Grades will be reported to parents/guardians and students on a nine-week basis. The first report is a quarterly (mid-semester) report, and the second includes the final nine weeks and a semester grade (entered in permanent office records). Students who fail the second semester of a core class MAY be required to repeat both semesters of the class the following school year. This decision will be made at the discretion of the administrator/counselor and the teacher.

As an incentive for students to take certain upper level classes, the Board has developed a weighted grading scale. The regular and two weighted grading scales used by the Valley R-VI School District as follows:

Letter Grade	Percent	Regular Grade	Weighted Grade Point +3	Weighted Grade Point +2
A	96-100	11	14	13
A-	90-95	10	13	12
B+	86-89	9	12	11

C-	70-72	4	7	6

**The Valley R-VI High School/Mineral Area College Dual Credit Scholarship Program** is a joint effort by both parties to provide juniors and seniors the opportunity to enroll in college credit for dual credit/ dual enrollment at a cost of only one-third (1/3) of the regular tuition rate. Students must meet all class requirements mentioned above, as well as the following requirement:

1. Student must provide 1/3 of tuition cost (Valley R-VI School District pays 1/3 and Mineral Area College will waive 1/3 of the tuition cost).
2. In order for a class to be eligible for the scholarship, it must fall within the 42 hour block of the Associates of Applied Science degree.
3. Student must maintain and receive a grade of "C" or better in every course he/she is taking at MAC or forfeit the tuition discount.

7. The maximum number of classes for which a student may receive scholarship money is four classes per semester.

8. Student must have a minimum ACT composite score of 21.

**High School Credit-** Students will receive one high school credit for every three college hours completed successfully. Dual credit courses will be weighted with +3 points to the student's GPA.

### **ALGEBRA I (8<sup>th</sup> GRADE)**

Algebra I (8<sup>th</sup> grade): Eighth grade students successfully completing Algebra I will receive high school credit. Eighth grade students may enroll in Algebra I based upon the following criteria: 1) The student must receive the recommendation of their seventh grade math instructor. 2) The student must have earned a cumulative grade of at least 85% in seventh grade math.

### **ADJUSTED GRADING SCALE**

A student whose education is guided by an I.E.P. and who is mainstreamed into the regular classroom will be graded by an adjusted grading scale if the following criteria are met:

1. The student's I.E.P./504 states that his/her grade will be determined by the adjusted grading scale.
2. The student will do the work of which he/she is capable, as determined by his/her I.E.P./504 team.
3. The student will complete homework assignments and tests that are given to all other students in the regular classroom. Some modifications may be written into the I.E.P.
4. The I.E.P. team members (the student, a parent, teacher(s), special education teacher, special education coordinator) must agree that use of the adjusted grading scale is justified.

### **FINAL EXAMS AND ACTIVITY PROJECTS**

- 1) Final Tests or activity projects will be administered at the end of each semester.
- 2) Students will be exempt from finals on a class by class basis only.
- 3) To earn exemption from a final, students must have a grade of 84% or higher and have an attendance percentage that is 94% or higher one week before finals are given. (All students will have the option of taking finals.)
- 4) Every three tardies will count as one day of absence in calculating final exemptions per semester.
- 5) Teachers will have the option of giving a comprehensive final or chapter finals.
- 6) Seniors will be exempt from finals during second semester, so long as they are passing the class. This excludes Dual enrollment courses in which the student is earning college credits. Finals are required for most courses.
- 7) Final tests are to be no more than 10% of the final semester grade.
- 8) Final tests or project activity originals will be turned into the principal's office. It is not necessary to turn in graded work.
- 9) An examination schedule will be established each semester by the principal.

### **GRADE REPORTS AND PROGRESS REPORTS**

Report cards are distributed at the end of each quarter – usually a nine-week period. Progress reports for junior high and high school students are distributed by the counselor approximately every three weeks, according to the schedule given to parents and teachers at the start of the school year. This schedule is subject to change during the school year.

### **HONOR ROLL**

The purpose of the Valley R-VI Honor Roll is to recognize those students with high academic achievement. The student will be honored by recognition on the *Superintendents-A honor roll* or *Principals-B honor roll*.

To attain the *Superintendent's honor roll*, the student will have all A's with one grade no less than a B-. To attain the *Principal's honor roll*, the student will have all A's and B's with one grade permitted no lower than a C-. Grade point average does not determine student honor roll status. Honor roll is based on quarter grades.

### **ACADEMIC EXCELLENCE**

Beginning with a student's freshman year they may become eligible to qualify for an academic excellence award. To qualify a student must maintain an A average for the year. An A average equals a GPA of 10.45. In a student's first year they will receive an academic letter, pin and chevron and each subsequent year a chevron.

## **7<sup>TH</sup> AND 8<sup>TH</sup> GRADE RETENTION POLICY**

1. Students in the junior high school must pass the required courses, including electives, for promotion from the seventh grade to eighth grade and from the eighth grade to the high school.
2. All students must pass three (3) out of four (4) core classes and two (2) out of three (3) electives based on yearly average to be eligible for promotion to the next level. Core courses are Communication Arts, Mathematics, Science, and Social Studies.
3. When the professional staff concludes that retention in the junior high school would be detrimental to the student and/or school, the Junior High Retention Committee will explore what options the student has.

## **CLASSIFICATION OF HIGH SCHOOL STUDENTS**

In order for a student to be classified as a sophomore, the student must have successfully earned a minimum of 6 units of credit; a junior must have earned 12 units of credit; and a senior must have earned 18 units of credit. Students will attend class meetings or functions according to their earned credits.

## **COLLEGE DAYS**

Seniors and juniors may get a form to be signed by the student and parent/guardian through the counselor's office for participation in College Days. Seniors are allowed two trips and juniors are allowed one trip per year.

## **PROCEDURES FOR EARLY GRADUATION**

In order for a student to graduate with seven semesters of attendance, he/she must show cause for his/her request in writing. The student must submit to the counselor or principal a letter clearly stating plans or reasons (extreme hardship, pursuing an educational program of at least nine month's duration, or need to enter the military early) for leaving school prior to the regular four years of attendance. The student must submit a letter and additional information no later than **November 1st** to allow time for consideration by the Board. This letter and additional information will be submitted to the attendance committee and once approved, transferred to the Board of Education for approval at the next regularly scheduled board meeting. The counselor will prepare a contract for each student who applied to leave school early. This contract will state the exact conditions that the student must meet to be granted a diploma.

A parent and the student must sign the contract, agreeing that all ties with the school are broken. Students who request early graduation will not participate in the graduation ceremony, and their diplomas will be mailed to them. These students will also not be eligible for the honors of Valedictorian or Salutatorian. Students who fail to maintain enrollment at a college/vocational school or employment for the nine-month term must notify the counselor/principal immediately after termination of college/vocational school enrollment or employment and re-enroll for classes at Valley High School as a full-time student.

Additional student information may need to include any of the following:

1. Copy of transcript showing that completion of minimum units required for graduation will be completed by the time of withdrawal.
2. Letter from a physician/psychiatrist stating need for early withdrawal.
3. Based upon urgent need to work full-time, a letter from an employer stating that a permanent position is guaranteed, with a proposed starting date of employment.
4. Letter from a military recruiter stating need for early entry into the military.
5. Letter from educational program provider (college or vo-tech) stating acceptance into a program/proposed starting date of enrollment.

### **PART-TIME STUDENTS**

In order for a student to participate on a part-time basis, the student must show cause for this request in writing signed by the student and parent/guardian. The Attendance Committee will determine if the need is sufficient enough to justify leaving school at this time. The only acceptable reasons for this request are extreme hardship or to pursue an educational program of at least nine month's duration:

Requirements:

1. The student must have enrolled and completed twenty hours of high school accredited courses.
2. The student must fulfill graduation requirements before part-time is considered.
3. The student will attend a minimum of four consecutive classes per day.
4. Any student not passing four classes per semester will concede part-time status and will become a full-time student.
5. Students will maintain a 95% or better average attendance.
6. The student will abide by all rules set forth for part-time students. Any neglect of the rules will void the part-time status.
7. An application for part-time attendance must be submitted to the guidance counselor for approval of the Attendance Committee by **March 15**.
8. Students must show proof of continued employment for the school year. Students who fail to maintain employment must notify the counselor/principal immediately after the term and re-enroll for classes at Valley High School as a full-time student.
9. Students will be able to participate in extra-curricular activities such as school clubs and sports. To be eligible to participate in sports, the students must meet the eligibility guidelines set forth by MSHSAA for Non Traditional Students Bylaw 2.3.4.

### **DUAL ENROLLMENT STATUS**

Senior students have the opportunity to enroll dually through Mineral Area College and Valley High School. Students must remain on the high school campus to complete an online course during an hour designated by the counselor in the student's schedule. Students will receive 1 credit for every 3 college hours completed successfully. Students are responsible for all costs associated with Mineral Area College course enrollment. Students will be required to submit a final grade transcript to the Valley High School counselor for the credit to be applied to the high school transcript. A dual enrollment course will be weighted with +3 points to the student's GPA.

### **MISSOURI COURSE ACCESS PROGRAM (MOCAP)**

The District participates in The Missouri Course Access and Virtual School Program. The program offers District students the opportunity to enroll in virtual school courses in a variety of grade level and content areas from Kindergarten through grade 12. See building principal or guidance counselor for participation. If interested in this program, please contact the school counselor, Ashley Jones at [ajones@valley.k12.mo.us](mailto:ajones@valley.k12.mo.us).

## **Part II: Student Resource Information**

### **ANNOUNCEMENTS**

All announcements of activities/notices must be cleared through the principal's office. Activities will be recorded on a monthly school calendar and distributed by the principal. A designee will read daily announcements to all classes over the intercom at the beginning of first hour.

### **STUDENT INSURANCE AND PHYSICAL FORMS**

Parents/Guardians may purchase school insurance. Any student who wishes to participate in any athletic event must be insured and must have a completed physical examination form on file in the Athletic Director's office. This insurance can be under a family plan, or insurance may be purchased through the school. Student insurance and physical examination forms are available through the school secretary.

### **TELEPHONE**

Students will not be called from class to the phone unless it is an absolute emergency. Non-emergency messages will be delivered in a timely manner. Students are allowed to use the office phone for emergencies only. Students must receive permission from the principal or designee before using the office phone.

### **TEXTBOOKS**

The classroom teacher will issue textbooks to all students and document textbook numbers. Students are responsible for the upkeep and care of the texts. Student will not be allowed to walk in commencement ceremony if charges are outstanding.

#### **REPLACEMENT COSTS FOR TEXTBOOKS ARE:**

YEAR ONE OF USE = 100% OF PURCHASE PRICE

YEAR TWO OF USE = 80% OF PURCHASE PRICE

YEAR FIVE OF USE = 20% OF PURCHASE PRICE

### **VISITORS**

Visitors **must** report to the school office and sign a visitor's log prior to visiting any classes. Students are not allowed to bring guests with them to school for visitation purposes.

### **VEHICLES**

Students who drive a vehicle to school are required to register such vehicles. Driving to school is a privilege. If the privilege is abused, the student will not be allowed to drive on school property. In order to ensure safe and efficient transportation for students, the following policies have been adopted:

1. Inspection of vehicles must be permitted as part of the driving privilege. Failure to comply with a search request will result in loss of the driving privilege.
2. All vehicles parked on school property may not be moved from the time of arrival at school until school is dismissed. Upon arrival at school, students are to come immediately into the building and may not remain in their vehicles.
3. Students are not to go to their vehicles during school hours without permission from the principal or designee.
4. Buses have the right of way at all times. When entering or leaving the parking lot, students must always give buses and pedestrians the right of way. Failure to do so may result in disciplinary action or loss of the driving privilege.
5. Careless or imprudent driving and/or speeding on the drive or parking lot will result in disciplinary action and/or the loss of the driving privilege.
6. Excessive first-hour tardiness will result in loss of the driving privilege. Four (4) tardies in first hour class in a semester will result in student losing privilege to drive to school.
7. Requests to leave the campus will require parental permission (closed campus) and sign out in the office.
8. Due to limited parking spaces, junior high students will not be permitted to register vehicles or park on campus.

### **ARRIVAL AT SCHOOL**

Students should not arrive at school until 7:30 A.M. unless accompanied by a staff member. Upon arrival at school, all students are to report directly to the gym. Students are not allowed to visit their lockers/report to a classroom without requesting permission of a faculty member on morning duty.

### **BUS TRANSPORTATION**

The school operates a busing system to transport students to and from school. All buses to school-sponsored activities are under the direction of a faculty member. Students will ride the bus to and from all activities unless released to leave with a parent, provided the parent has obtained approval of a sponsor/principal.

The bus driver has the authority to enact and enforce any rules to insure the protection of all students riding the bus. Such rules may include but are not limited to:

1. The driver is in charge of the students and the bus. Students must obey the driver promptly and respectfully.
2. Students must be on time. The bus driver follows a schedule and cannot be expected to wait for tardy students.
3. Students must wait until the bus comes to a complete stop and all traffic has stopped in both directions before crossing a road to board the bus. When crossing a road, students are to walk at least ten feet from the front of the bus to insure visibility of all boarding and departing students by the driver.
4. Unnecessary conversation with the driver is prohibited.
5. Classroom conduct is to be observed by students while riding the bus.
6. Students must not extend arms, head, or legs out of the bus windows or throw objects out of the windows.

## **FOOD SERVICE**

Valley R-VI has a closed lunch period; therefore, students must either bring a lunch or purchase one from the school cafeteria. Breakfast is available from 7:30 to 7:55 A.M. The breakfast price is \$1.50 for students and \$2.25 for faculty/staff. Lunch prices are \$2.60 for students and \$3.40 for faculty/staff. Students may purchase breakfast/lunches at reduced rates upon completion, submission, and approval of a form that may be obtained from the school secretary. Students must prepay lunch and breakfast prior to eating. If students are not prepaid they will not be served. Vo-tech students will be scheduled to eat lunch during the first lunch shift.

## **LOCKERS**

All students will be assigned a locker and expected to use this locker and not switch lockers without permission. The school is not responsible for articles that are lost or stolen from lockers.

Lockers are on loan to students and are not the private property of the student. The state of Missouri authorizes school officials to search lockers. Locker doors should be closed when not in use. Students are expected to keep the

area in and around the locker in good order. Books/notebooks are not to be placed on top of the lockers. Stickers are not to be applied to the outside of the lockers. Lockers are to be kept free of marks (pencil, pen, markers, scratches, etc.) Signs/decorations may not be applied to the fronts of lockers without permission of the principal/designee.

### **RESTROOM REGULATIONS**

Students are not to use the faculty restrooms under any circumstances. Students are not permitted to loiter in the student restrooms and are encouraged to use the restrooms during breaks between classes, not during class time.

### **SCHEDULE CHANGES**

No change of schedule should be requested after the first week of the first semester. Second semester schedule changes for year-long classes must be made at least one week prior to the end of the first semester.

### **TEACHER AIDES**

Seniors who are scheduled to meet graduation requirements (have 20 credits at the beginning of their senior year), who have maintained a minimum of a 7.50 GPA, and who have conducted themselves in a respectable and reliable manner may be considered for the position of Teacher's Aide. A student may be an aide for only one period per semester. A teacher may have only one aide for one period per day. Final selection of teachers' aides will be made by the teacher/principal. Aides are permitted to answer the office phone after proper training but are not allowed to give permission to another student to leave the campus, enter grades, or sign admit slips or student passes. Students serving as teacher aides may be removed from their duties for failure to fulfill duties to the satisfaction of the principal/teacher. These former aides will be placed in a class or appropriate setting for the duration of the semester.

### **CAFETERIA RULES AND REGULATIONS**

1. Students are expected to use the cafeteria in a responsible and respectful manner. This includes maintaining a spirit of proper conduct and cleaning up the area around where the student sits.
2. Students may not leave the cafeteria without first having received permission from a supervising teacher.
3. Students are not to take any sodas or food outside during lunch.

### **CLASSROOM AND HALLWAY REGULATIONS**

Students are not permitted in the hallways while classes are in session without a hall pass from a teacher. Students found in the hallways, restrooms, or office without a hall pass will be sent immediately back to class. Running, scuffling, or disruptive noise in the hallways and classrooms will not be tolerated.

Students are not to be in the classroom areas at any time without teacher supervision before school, after school, or during lunch periods. Students are expected to bring materials to class for that day's performance, and students are not to be released to go to lockers after class is in session, except in emergency situations.

Any student going to another teacher's classroom while class is in session must first knock and speak privately to the teacher before speaking to anyone in the classroom or before making an announcement.

Any student attempting to disrupt the normal school process through demonstrating or refusing to go to class will be suspended for ten days. Continued resistance by demonstrating or refusing to go to class will result in expulsion from school.

### **ATTENDANCE POLICY PHILOSOPHY:**

The Valley R-VI School District believes regular attendance of students is essential for a productive and successful learning process. Irregular attendance places the student at risk of failure as well as developing non-productive habits that often carries over to the workplace and other avenues of life. However, it is recognized that, at times there are events that are beyond the control of the student which have to be taken into account. Therefore, the Valley R-VI School District Attendance Policy is established to encourage maximum student participation while allowing for the realities of everyday life.

### **ABSENCE DEFINED**

A student is considered absent when it is determined that they are not in attendance in one or more of their assigned class periods. A record of the student's attendance is maintained on a class hour basis and is entered into the student's record file.

### **Total Number of Allowable Absences:**

The total number of absences per semester will be **5 days**.

1. After the fifth absence from *any class*, future absences will be considered unexcused without proper documentation or approval from administration.
2. The five days of absences in a semester described in the policy are to take care of:
  - a) **Personal illness**- a doctor's note is required to substantiate these days if a student exceeds the 5 day limit per semester.
  - b) **Professional appointments**- that could not be scheduled outside of the regular school day. A note explaining the nature of absence shall be filed in the office.

### **CHRONIC ABSENCES**

A 2018 Federal memo defined chronic absence as a student missing 10% of days in a semester. These absences will be documented and will be reported to the Department of Elementary and Secondary Education. (DESE)

1. Parents/Guardians will be sent an intervention letter when absences reach 5 days.
  - a) Any further absences during the that current semester will be considered unexcused without proper documentation or approval from administration.
2. Furthermore, please be aware that 9 absences in a semester, whether excused or unexcused, is considered by federal definition to be chronic absenteeism.
3. A mandatory attendance hearing certified letter will be sent on the ninth absence. Any student absent more than 9 days in a semester must go before the Attendance Review Committee and may possibly have to make up hours missed. **\*\*Failure on the part of the parent/guardian to attend a hearing or make contact with the school will be construed as acceptance of the decision by the Attendance Review Committee.**

### **ATTENDANCE REVIEW COMMITTEE**

The Attendance Review Committee will meet before or after school hours (unless prior arrangements are made with the principal) and will be scheduled on a case by case basis, consisting of the principal, designated attendance advisors, the counselor, and the school nurse will review the specific conditions relating to the individual's case. Parents/Guardians will be informed in writing of the results of this hearing. The following absences from school could be considered excused absences providing proper documentation is presented to the Attendance Committee:

- a. Absence from school due to death in the family.
- b. Absence created by required religious observations.
- c. Absence created by a school-sanctioned activity.
- d. Absence created when a student cannot attend school upon the advice of a physician.
- e. Absence created by taking the Missouri State Drivers Test. (1/2 day of absence)
- f. Absence created by a subpoena to appear in court.
- g. Absence when school nurse feels student should be sent home.
- h. **Absence created by a trip to visit a college or to take care of military business will not apply as an absence.**  
**\*\*Application for these will be made through the counselor's office. Two trips per year for Seniors and One for Juniors.**

### **ATTENDANCE COMMITTEE OPTIONS**

Attendance Committee options after reviewing students violation of attendance days during attendance hearing.

1. Mandatory grade buy back hours with a 21 hour limit per attendance review committee meeting. **(These hours will be bought back during after school tutoring, Wednesday School and Saturday School. These hours will not reduce the total days of absence.)**

## **Part III: Student Conduct/Discipline Policy**

### **VALLEY R-VI SCHOOL DISTRICT DISCIPLINE POLICY**

#### **PHILOSOPHY**

The public schools of this nation have the responsibility, conferred on them by the state, to provide education for children until they graduate or reach the age of 21. To discharge this function effectively and equitably, school authorities and parents must ensure an environment that is conducive to the learning process. While there are many factors that affect the learning environment, perhaps the most important is the problem that results from inappropriate conduct and lack of consistent and effective disciplinary response.

Federal and state laws confer rights and freedoms to every citizen both in and out of school. At the same time, every citizen has the responsibility to respect identical rights of others. In the school environment, these rights and responsibilities must be harmonious with the learning process. School authorities are thus allowed a broader range of powers in maintaining an orderly environment than is allowed by adhering to due process and other constitutional standards. Organizations, businesses, and industries cannot operate successfully without procedures, goals, expectations, and satisfied workers; neither can schools. Rules that establish discipline guidelines for students are necessary and basic to their growth and development. Thus, it becomes the responsibility of local school districts to have a discipline code that reflects the community's standards and expectations for student behavior.

It is the goal of Valley High R-VI to provide a learning environment that is uninterrupted and scholarly for all students. Setting certain standards is important for the maintenance of an atmosphere where orderly learning is possible and encouraged. Behavior that disrupts the learning or safety of other students will not be tolerated. In compliance with state law, this discipline code has been developed, adhered to, and enforced fairly and equally. All school district personnel who are responsible for the care and supervision of students are authorized to hold every student strictly accountable for any disorderly conduct in school or on any property of the school, on any school bus going to or returning from school, during school-sponsored activities.

Parents will participate in the conference(s) as the situation warrants, to become informed, to contribute to solutions, and to be a part of the disciplinary actions to be taken. Information concerning student discipline hearings before the Board may be obtained in the principal's office. It is recognized that there may be times when school personnel must talk to a student immediately to give the student notice of unacceptable behavior, to enable the student and school personnel only, either because the immediacy of the situation so requires, or because parents are unavailable, or both.

3. The objectives of any disciplinary action to be used by the school staff members are: 1) Achieve remedies and to correct any unacceptable student behavior; 2) to develop the student's character and power of self control; and 3) to interact with the student in a way so that the disciplinary action results in a positive and acceptable behavior change outcome.

A *gang* as defined in this policy is any group of two or more persons whose purposes include the commission of illegal acts.

Consequences for any of the above actions and/or behaviors may result in suspension or expulsion to be determined by the administration.

### **SPECIAL EDUCATION STUDENTS**

The discipline policy established by the school will also be enforced with regard to special education students consistent with their IEP or 504 plan.

### **STUDENT DISCIPLINE HEARINGS**

The Board of Education may originate student discipline hearings upon recommendation of the superintendent. In such cases, the Board will review the superintendent's report and determine whether to conduct a discipline hearing. In addition, student discipline hearings will also be held upon written parental request to consider appeals from student suspension in excess of ten school days.

1. Parents/guardians will be advised of the charges against the student; their right to a Board hearing; the date, time, and place of the hearing; their right of counsel; and their procedural right to call witnesses, enter exhibits and cross-examine adverse witnesses. All such notifications will be made by certified mail, addressed to the student's parents or guardians.
2. Prior to the Board hearing, the student's parents or guardians will be advised of the identity of the witnesses to be called by the administration and advised of the nature of their testimony. In addition, the student's parents or guardians will be provided with copies of the documents to be introduced at the hearing by the administration.
3. The hearing will be closed unless the student's parents or guardians request an open hearing. At the hearing, the administration and their council will present the charges and such testimony and evidence to support such charges. The student, his parents/guardians or their counsel shall have the right to present witnesses, introduce exhibits, and to cross-examine witnesses called in support of the charges.
4. At the conclusion of the hearing, the Board of Education shall deliberate in executive (closed) session and shall render a decision to dismiss the charges; to suspend the student for a specified period of time; or to expel the student from the schools of the district. The administration or its counsel, by direction of the Board of Education, shall promptly prepare and transmit to the parents or guardians written Findings of Fact, Conclusions of Law and Decision.

### **STUDENT SUSPENSIONS AND EXPULSIONS**

Students charged or convicted of a felony will not be permitted to attend school until the criminal matters are solved. Students suspended or expelled from another school will not be permitted to attend until the suspension has been completed. Students expelled from another school will not be permitted to attend school. The Board of Education believes that the right of a child to attend free public schools carries with it the responsibility of the child to attend school regularly and to comply with the lawful policies, school policies, rules and regulations essential for permitting others to learn at school. Therefore, the administration reserves the prerogative to remove a student from his/her present school setting because of willful violation of school rules and regulations, willful conduct which materially or substantially disrupts the rights of others to an education, or willful conduct which endangers the student, other students, or the property of the school. This action is taken in accordance with due process and with due regard for the welfare of both the individuals by administrative act of summary suspension. Expulsion can be implemented only through specific action by the Board of Education.

No student shall be suspended unless the following hearing procedures are implemented:

1. The student shall be given oral or written notice of the charges against him/her.
2. If the student denies the charges, he/she shall be given an oral or written explanation of the facts that form the basis of the proposed suspension.
3. The student shall be given an opportunity to present his/her version of the incident.
4. Prompt notification will be given to the parent/guardian or others having custodial care of the student, including reasons for such action.

The Board authorizes the summary suspension of pupils by the building principals for a period not to exceed ten school days and by the superintendent for a period not to exceed a total of 180 school days, provided such action is in accordance with due process and state statutes. Any suspension by a building principal shall be immediately reported to the superintendent, who may revoke the suspension at any time.

In case of a suspension of a student by the superintendent for a period of more than ten days, the student, his parent/guardian, or others having custodial care may appeal the decision of the superintendent to the Board or to a committee of the Board, appointed by the president of the Board, which shall have authority to act in lieu of the full Board. Requests for appeal shall be in writing and filed with the secretary of the Board. Upon the filing of the appeal, the suspension shall be stayed unless the superintendent determines the student's presence poses a continuing

danger to persons or property or an on- going threat of disrupting the academic process. In such cases, the resulting judgment shall be immediately transmitted to the student and his/her parents/guardians or other having custodial care and the student shall be immediately removed from school.

Upon the filing of a request for an appeal of the superintendent's decision to suspend a student for more than a period of ten school days, the superintendent shall promptly transmit a written report to the Board, indicating the facts relating to the suspension, the action taken by the superintendent and other administrative officials, and the reasons for such action. The Board, upon written request, shall grant a hearing to the appealing party.

Furthermore, hours absent must be excused or approved by the principal or student may be prohibited from attendance. Possession or the use of alcohol, drugs, tobacco, or controlled substances will not be permitted in school or on the school grounds at school functions. Disciplinary action will result as indicated in the disciplinary section of this handbook.

Students who ride the bus to away sporting/club events may only ride home with a parent and only after signing the student out with the coach/sponsor. Failure to meet these conditions will result in disciplinary action.

Students attending school sponsored sporting events and after-school activities are not allowed to leave and then return to the game or activity without permission from the administrator on duty, not the gate keeper. This includes students not being able to pay the entry fee a second time and re-enter. Once students leave a game or activity, they cannot return.

All major school dances, Homecoming and/or Junior/Senior Prom are to be held on a weekend night and usually end at 10:00 P.M. All school dances will be held in the high school gym due to security and insurance purposes. Any student who leaves a school function early will not be permitted to return. **Board Approved July 19, 2012; Board Approved Revisions July 20, 2023.**

### **FUND RAISING**

All fund raising projects must be approved by the principal. This includes the sale of items through community organizations. There will be a limit of only two fund raisers per year per organization. (Junior class may request additional fund raising due to need of funds for prom.) Organizations should respect the fundraisers already established by other organizations when starting new fundraisers.

In addition, the Smart Snacks in School standards published by the USDA (United States Department of Agriculture) prohibit at school the sale of foods and beverages that do not meet their nutrition requirements. This means that fundraisers selling food products that can immediately be consumed can no longer be sold at school during school hours. This includes the sale of items such as candy, soda, beef jerky, etc. The standards do not apply during non-school hours, on weekends and at off-campus fundraising events. Fundraisers that sell pre-packaged items that must be prepared later, such as pizzas, are still permitted to be sold at school.

### **NATIONAL HONOR SOCIETY SELECTION PROCESS**

1. In order for a student to become eligible scholastically, he/she must be a member of the 10<sup>th</sup>, 11<sup>th</sup>, or 12<sup>th</sup> grade, must maintain a "B" average (8.00 on an 11.0 scale), and must be in attendance at the school for one semester.
2. Eligible students shall be notified and informed that for further consideration for selection they may complete the Student Activity Information Form. Failure to complete this form will automatically eliminate that student from consideration to NHS.
3. The selection process will be determined by a council of faculty members consisting of five staff members and the NHS advisor. The NHS advisor is a non-voting member of the council.
4. The selection of each member shall be by a majority vote of the faculty council. Selection is largely based upon the information contained in the completed information form and the student's degree of citizenship.

### **CLASS MEETINGS**

1. Class meetings must be approved by the class sponsors and the principal before a meeting can be scheduled.
2. All suggestions must be placed in the form of a motion to be considered by class members before voting occurs.
3. A majority rule will carry a motion.
4. A class president and/or sponsor may ask that a motion under debate be tabled for later consideration.
5. It will be understood by all class members that any motions made and carried may be vetoed by the sponsor and/or principal despite a majority vote of the class members.
6. The class sponsors will have the option of adjourning a class meeting at any time without a motion being made or carried.
7. Any student who becomes disruptive will be sent from the room until further notice. A second violation will result in that student's suspension from class meetings for a period of one month. A third violation will result in permanent suspension from all class meetings.

## **ORGANIZATIONAL ACTIVITIES**

A student may serve as president of no more than two organizations. A student will be required to decline further nominations for a presidency once the specified limit has been reached. This policy has been established to promote student leadership potential and responsibility through a broader range of student participation.

## **EXTRACURRICULAR ACTIVITIES: Academic eligibility standards for Valley R-VI Students**

Valley High School is a member of the Missouri State High School Activities Association and adheres to all rules and regulations established by the association.

Eligibility to represent a school in interscholastic activities is a privilege to be attained by meeting the standards of eligibility cooperatively set by the member schools. The following are basic eligibility rules of which every student participating in interscholastic activities must be aware:

1. Be a good citizen in your school and community.
  - a. Any student who represents his/her school in interscholastic activities must be a creditable citizen and judged so by the proper school authorities certifying this list of students for competition. A student whose character or conduct reflects discredit upon himself/herself or his school is not considered a creditable citizen. His/her conduct shall be satisfactory in accord with the standards of good self-discipline.
  - b. A student who misses class on the date of a contest without being excused by the principal shall not be considered eligible on that date. The student must obtain permission from the principal in advance of his absence.
  - c. Each individual school has the authority to set more restrictive citizenship standards and shall have the authority to judge its students under those standards.
2. **Be enrolled in courses that meet the MSHAA Standards (3 units of credit and to have earned 3 units of credit the preceding semester or made standard progress in special education).** 7<sup>th</sup> and 8<sup>th</sup> graders must have been promoted to a higher grade level at the close of the preceding year.
3. Have entered school within the first eleven days of the semester. Entering school is interpreted as enrolling and attending classes.
4. Not have received or competed for any award of any kind other than that given by your school for your services as an athlete in the sports in which you are competing. Competing for awards having a utilitarian value such as jackets, cash, or merchandise will make you ineligible.
5. Not having reached your 19<sup>th</sup> birthday prior to July 1 of the school year. Junior high students shall not have reached the following ages prior to July 1: Grade seven-14; Grade eight-15; Grade nine-16.
6. Not have competed under an assumed or false name.
7. Not transferred schools without a corresponding change of residence of your parents unless you meet appropriate exceptions of the transfer standards. Always check with the principal prior to a transfer.
8. Not having graduated or received an early release from a four-year high school or its equivalent. Seventh and eighth graders are not eligible to compete against tenth graders or above. Ninth graders who compete with tenth graders or above in a sport may not return to compete against seventh and eighth grade teams in that sport.
9. Attend your eighth semester immediately following your seventh semester. High school students are eligible only during the first eight semesters of attendance. Seventh and eighth graders are eligible for only the first two semesters attended in each grade.
10. Not having competed at any time as a member of a junior college or senior college team.
11. Not competed on an outside team or in individual match competition during the session you are representing your school in the same or another sport.
12. Not transferring from one school to another because of being influenced to do so.

All students in grades 7-12 trying out for an interscholastic activity offered by the Valley R-VI School District must fill out and return to the school an Athletic Participation Consent/Physicians Report Form. This form is to be returned to the coach or sponsor of the activity. A student will not be allowed to participate in interscholastic athletic practices or contests until all parts of this form are completed, signed, and on file with the school. An athletic handbook will be provided to each student participating in athletic competition. A mandatory parent/athlete

meeting will be held annually. The athletic handbook agreement form must be signed and returned to the athletic director prior to any student being allowed to participate.

### **EXTRACURRICULAR ACTIVITIES CODE OF CONDUCT**

This Code of Conduct is in effect and applies to any hour or day of the seven-day week, starting from the first day through the last day of student attendance each school year. The person responsible for enforcing this code is the sponsor of each organization or head coach of each sport.

Students shall lose their eligibility to participate in all extracurricular activities including contests, practices, meetings, events, trips, dances, etc. according to the following guidelines:

1. Out-of-school suspension: A student will lose his/her eligibility in any extracurricular activity during the duration of the suspension. The days of loss of eligibility and the days of suspension must run concurrently.
2. Students, who are continually a discipline problem, while in attendance, may lose their eligibility to participate in any extracurricular activity for a number of days to be determined by the principal. This guideline is intended for those students whose misconduct does not warrant out-of-school suspension.
3. There are some types of misconduct that occur outside the regular school day and not during a school activity that reflect discredit upon a student's character or conduct. This may not result in the student's suspension from school. In these instances, the principal will determine the number of days of ineligibility. Examples under this guideline could be the arrest and conviction for drinking alcohol, using drugs or controlled substances, being under the influence of alcohol or drugs while participating in the activity, and/or being convicted of a felony.

The principal and sponsor/coach have the authority to discipline students based upon each particular organization's standard of conduct.

- Loss or theft of the property must be reported to the District by the next school day after the occurrence. Insurance will cover 50% and the student is responsible for the remaining 50% of the replacement cost only with evidence of a filed police report as described below within 24 hours of the occurrence.
- In case of theft, vandalism, and other criminal acts, a police report must be filed by the student or parent within 24 hours of the occurrence. Incidents happening off campus must be reported to the local police or sheriff (depending on location of incident) by the parent and a copy of the report must be brought to the school within ten school days.
- If you choose not to purchase insurance and the computer is damaged, lost or stolen, the parent/guardian is financially responsible for all repair or replacement costs.

- If the loss or theft is the charger/power adapter, carrying case strap, or the carrying case alone (without the Chromebook inside of it), then a police report is not needed. Insurance will cover 25% and the student is responsible for the remaining 75% of the replacement cost.

### **Due Process**

- The district will cooperate fully with local, state, or federal officials in any investigation related to any illegal activities conducted through the district network or with district devices.
- In the event there is an allegation that a student has violated the District's acceptable use regulation and agreement, the student will be provided with a written notice of the alleged violation. An opportunity will be provided to present an explanation before a neutral administrator (or student will be provided with notice and an opportunity to be heard in the manner set forth in the disciplinary code).
- Disciplinary actions will be tailored to meet specific concerns related to the violation and to assist the student in gaining the self-discipline necessary to behave appropriately on an electronic network. Violations of the acceptable use regulation and agreement may result in a loss of access as well as other disciplinary or legal action.
- If the violation also involves a violation of other provisions of other school rules, it will be handled in a manner described in the school rules. Additional restrictions may be placed on a student's use of his/her network account.

### **Transfer Out Students**

- If a student leaves Valley School District for any reason, you will have **48 hours** to return the computer (Chromebook, carrying case, and charger/power adapter) and other District devices into the District. If not returned within 48 hours, property will be considered stolen and will be reported to the proper authorities. The District reserves the right to press any and all criminal charges in association with failure to return equipment. Seniors must clear ALL records and pay all fees before graduating.

### **Estimated Repair Pricing Resulting from Deliberate Damage or Neglect**

All prices are based on the current cost the District must pay to replace damaged parts and are subject to change. The costs of any other parts needed for repairs will be based on the manufacturer's current price list.

The use of stickers, altering, or writing on carrying cases or computers is not allowed and will be charged for removal.

The current replacement cost of the equipment is as follows. This list includes the most popular repair items, but is not all inclusive. **All costs are subject to change.**

- The district is not responsible for the accuracy or quality of the information obtained through or stored on the network. The district will not be responsible for financial obligations arising through the unauthorized use of the network or devices.
- The district provides content filtering but not all malicious activity can be impeded.
- The district is not responsible for goods and/or services purchased or sold through district technology resources.

## **Loaner Computers**

Valley R-VI School District is committed to the importance of a student being able to continue with their work when their Chromebook is experiencing problems. To assist with this problem, the District is providing the following:

Loaner computers will be available through checkout at the office for the regular school day or until the Technology Department has successfully repaired the unit. Students will be required to sign a loaner agreement before the loaner unit is assigned to them. Students will be required to check the loan computer in/out each day.

## **Unpreparedness/Discipline Actions**

If a student comes to school without their Chromebook charged or charger to be able to work in class, they will be allowed to check out a charger from the high school office but will be entered in the discipline tracking sheet.

- 1<sup>st</sup> offense-verbal warning, entered into discipline in Tyler SIS
- 2<sup>nd</sup> offense-written disciplinary action with 1 day ASD consequence.
- 3<sup>rd</sup> offense-written disciplinary action with 2 days ASD consequence.

## **Chromebook Violations**

Students who do not have their Chromebooks for class are not able to fully participate in the learning process with the class. Students are expected to bring their Chromebooks to school every day, and to class every hour, fully charged so they are ready to use them in every class. If a student has to get a loaner because they damaged theirs, forgot theirs or did not have theirs charged it will be considered a Chromebook Violation. (Loaners due to malfunction will not be counted.) If a student has to leave class to get their Chromebook, that will also be considered a Chromebook violation.

## **Internet Safety**

There are many sites on the Internet that can be potentially dangerous to minors. To comply with the Children's Internet Protection Act (CIPA), these sites are blocked while students are logged on to the District network. The District is committed to extending this protection no matter where the student uses their Chromebook. Therefore, the District enforces the same Internet filtering away from the District network through a proxy. This filtering is not perfect. We ask that parents and guardians monitor their child's Internet activity as an additional precaution.

## **Student Guidelines for Acceptable Use of Technology Resources**

1. Students are not allowed to modify or reset Chromebooks to the factory default.
2. No altering of Chromebook, case, or removal of identifying labels.
3. Inappropriate media may not be used as a background, theme, or screensaver. Presence of weapons, pornographic materials, inappropriate language, alcohol, drug and/or gang related symbols or pictures will result in disciplinary actions.
4. Only Valley R-VI Google account and passwords are to be used as device login.
5. Sound will be muted at all times on campus unless permission is obtained from the teacher for instructional purposes. Earphones are required for most classrooms, one pair will be provided for each student.
6. Do not delete any folders or files that you did not create or that you do not recognize.

7. Chromebooks must be transported in the District provided protective case. Chromebooks should not be carried in backpacks or other bags.
8. Chromebooks should be shut down and stored in a safe location when not being utilized
9. The district reserves the right to monitor all activity on its network and its devices. Students will indemnify the district for any damage that is caused by students' inappropriate use of the network. Students are expected to follow the same rules, good manners and common sense guidelines that are used with other daily school activities as well as the law in the use of the Valley R-VI School District technology resources.
10. Your device is intended for use at school each day, it must be brought to school every day. In addition to teacher expectations for device use, textbooks, announcements, calendars, school messages, and schedules will be accessed using the Chromebook. Devices should be brought to school each day in a fully charged condition. **STUDENTS WILL NOT BE ALLOWED TO CHARGE CHROMEBOOKS IN CLASSROOMS.** Students need to charge their devices each evening. Students are responsible for bringing their devices charged to all classes, unless specifically advised not to bring them by their teachers. In cases where use of the device has caused batteries to become discharged, students may or may not be able to connect their computers to a power outlet in a class. Students who are unable to participate in class will be subject to disciplinary action.
11. If a student leaves their device at home, they may be able to use a loaner device provided through the office. Loaner devices must be returned to the office by the end of the day. Students who are unable to participate in class will be subject to disciplinary action.
12. The District will install all educational applications needed to support the student's current curriculum. The District will not be held accountable for any unauthorized purchases made from the student's individual accounts. Nor should any expectations be made that transference of purchased items will be made upon the deletion of student's account.
13. Any malicious attempt to harm or destroy data, the network, other network components connected to the network backbone, hardware, software or their configuration will result in cancellation of technology and network privileges. Disciplinary measures in compliance with the district's discipline code and policies will be enforced.
14. Loaning or Borrowing Notebook Computers:
  - Do NOT loan computers or other equipment to other students.
  - Do NOT borrow a computer from another student.
  - Do NOT share passwords or usernames with others.

#### Care of Chromebooks

- Each student is responsible for their Chromebook.
- **The number one repair of Chromebooks is a cracked screen. Never put a pen, pencil, earphones, etc. on the Chromebook between the screen and keyboard.**
- It is strongly suggested that food or drink not be consumed next to your device.
- Cords, cables, and removable storage devices must be inserted carefully into the Chromebook.
- The device should be kept in the carry case when transporting them.
- Device lids should be closed at all times when not in use to conserve battery life.
- **No stickers, writing, or other decorations can be placed on the Chromebook or the carry case.**

- Clean the screen with a soft, dry cloth or anti-static cloth. DO NOT spray any liquid directly on the screen or keyboard.

The revocation of one or several of these privileges may result in the loss of course credit, possible course failure, and or placement in the Safe School. The particular consequences for violations of this agreement shall be determined by the school administrators. The superintendent or designee and the board shall determine when school expulsion and/or legal action or actions by the authorities are the appropriate course of action.

## **Valley R-VI School District Technology Acceptable Use Policy**

### **I.) Users**

**A. Student Users** - No student will be given "privileged" access to the district's technology resources until the district receives a User Agreement signed by the student and the student's parent(s), guardian(s), or person(s) standing in the place of a parent. Students who do not have a User Agreement on file with the district may be granted permission to use the district technology by the superintendent or designee.

**B. Employee Users** - No employee will be given "privileged" access to the district's technology resources before the district has a signed User Agreement on file. Authorized employees may use the district's technology resources for reasonable, incidental personal purposes as long as the use does not violate any provision of district policy, regulation or procedure, hinder the use of the district's technology for the benefit of its students or waste district resources. Any use that jeopardizes the safety, security or usefulness of the district's technology is considered unreasonable. Any use that interferes with the effective and professional performance of the employee's job is considered unreasonable. Because computers are shared resources, it is not appropriate for an employee to access, view, display, store, print, or disseminate information via district resources, including e-mail or Internet access that students or other users could not access, view, display, store, print or disseminate, without authorization by the district.

**C. Board Member Users** - Members of the school Board may be granted user privileges, including a mail address, upon completion of a User Agreement. Board members will set an example of responsible use and will abide by district policies, regulations and procedures. Board members will comply with the Missouri Sunshine Law.

**D. External Users** - Consultants, counsel, independent contractors, and other persons having professional business with this school district may also be granted user privileges at the discretion of the Superintendent or Technology Director, subject to completion of a User Agreement and for the sole, limited purpose of conducting business with the school. External users must abide by all laws, district policies, regulations and procedures.

### **II.) Privacy**

A user does not have a legal expectation of privacy in the user's electronic communications or other activities involving the district's technology resources. All district technology resources are considered district property. The district may maintain or improve technology resources at any time. The district may remove, change or exchange hardware or other technology between buildings, classrooms, employees, students or any other user at any time, without prior notice. Authorized district personnel may load or delete new programs or information, install new equipment, upgrade any system or enter any system to correct problems at any time. The district may examine all information stored on district technology resources at any time. The district may monitor employee and student technology usage. Electronic communications (email, instant messaging, text, etc.), all data stored on the district's technology resources, and downloaded material, including files deleted from a user's account, may be intercepted, accessed or searched by district administrators or designees at any time.

### **III.) Violations of Technology Usage Policies and Procedures**

Use of the district's technology resources is a privilege, not a right. A user's privileges may be suspended pending an investigation concerning use of the district's technology resources. Any violation of district policy, regulations or procedures regarding technology usage may result in temporary, long-term or permanent suspension of user privileges. The administration may use disciplinary measures to enforce district policy, regulations and procedures. Employees may be disciplined or terminated for violating the district's policies, regulations and procedures. Any attempted violation of district policy, regulations or procedures, regardless of the success or failure of the attempt, may result in the same discipline or suspension of privileges as that of an actual violation.

#### **IV.) Damages**

A. All damages incurred by the district due to the misuse of the district's technology resources, including the loss of property and staff time, may be charged to the user. District administrators have the authority to sign any criminal complaint regarding damage to district technology.
